I Speak To The Earth: Unlocking God's Divine Resource Center

I. The Earth: A Foundation for All of Life

- A. The earth is full of abundance.
 - 1. The earth provides everything we need.
 - 2. In combination with the authority God gives us, God makes those resources available to us.
 - 3. Our destinies are tied to the land.

- B. The earth responds when people speak to it.
 - 1. The earth responds when people, especially in communities, start to turn to the Lord and make a commitment to Him.
 - 2. Example: The story of the farmers in Almolonga.
 - 3. Their vegetables got much bigger.
 - 4. People were more organized, more prone to work, and they brought in more harvests.

- C. Introduction: Dr. Francis Myles, "The Great Revelator."
 - 1. Many have been healed in his meetings.
 - 2. God has entrusted to him biblical insight and revelation into many hidden mysteries in the Word of God.

3. Creator of the Melchizedek Supernatural School of Ministry.
4. Author of ***The Order of Melchizedek*** and many other books.
5. Story: ***I Speak to the Earth*** resulted from a powerful experience in Dr. Myles' life.
 - a. A witch from a coven who attended Dr. Myles' mother's funeral put a curse on him by speaking to the soil, that he would die.
 - b. God instructed Dr. Myles and his brother to prophesy to the dirt in the flowerbed outside, commanding the earth to let him go, to free him from the employment of the children of wickedness who commanded that the dirt would swallow his body.
 - c. The sensation of dirt swallowing his body then fell to the ground with a thud, and God's life pulsed up through his legs and toes.
 - d. God began to show him that **this deliverance was biblical**, that He wanted to restore dominion back to the Body of Christ through that.
 - e. God Himself was the first one to speak to the earth. (Genesis 1:11-12)

II. The Earth Is Not Dead

- A. The earth is very much alive, a living creature. It brings forth much life.
 1. One of the earth's primary assignments: To bring forth.
 2. A lot of the things you think are inanimate objects are actually alive to God.
 3. The earth has the ability to hear a voice.
 4. The proof of hearing is accurate response.
- B. Speaking to the earth God's way:
 1. Don't speak to the earth in ambiguity. Speak clearly, precisely.
 2. Decide what you want and **make sure what you're asking the earth to do is within the counsel of the Word of God.**
 3. Think through what you are going to say, then release your faith and speak to the earth.

4. The earth is not designed to do wickedness. Don't expect it to.
- C. Breakthrough comes through speaking to the earth.
1. The earth: An integral part of every destiny. Destiny is earth-sensitive.
 2. At some point the earth will be involved in what God has called you to do.
 3. God told Dr. Myles the land of America was locked to him because the soil had an assignment against him here.
 4. God said he was to command the earth that's America to bring forth everything He had promised him since he was in Africa.
 5. A prophetic word confirmed to him that he was to take some dirt there and speak to it.
- D. Many breakthroughs came for Dr. Myles after speaking to the dirt, including one for getting a house.
- E. Breakthrough testimonies from others who spoke to the earth:
1. Example: An failed end-of-semester exam showed a reversed score after speaking to the earth.
 2. Example: An Uber driver delivered this lady to the meeting for free after speaking to the dirt, and her husband came home from work speaking of the things the Lord had done for them that day.
 3. Example: Angela spoke to the earth three different times. Each time a large check arrived in the mail.
 4. Example: School payments ended up being returned to their bank account two different times, though the school had recorded the bills were paid.
 5. Example: A couple asked the earth to swallow their \$43,000 debt. A letter came saying they now owned nothing on the student loan.
- F. The earth was created to be a Divine Resource Center. The fullness of the earth belongs to the Lord and to those that dwell therein. (Psalm 24)
1. The earth is full. There is no scarcity—the devil just makes us think so.
 2. Buying into the devil's lie gives the devil the legal right to circumvent all the resources God already ordained for the earth to provide for us.

3. Example: King David discovered the reason for famine during the time he was king. King Saul had violated a covenant with the Gibeonites, and repentance and making things right, God's way, restored the land.
- G. Hindrances in purchasing or selling a house can be overcome by speaking to the land:
1. Take authority over it and speak to it before selling or trying to buy property.
 2. Example: Real estate agent who saved her business by speaking to the earth of a property before she tried to sell it.
 3. Don't waiver in disbelief, even if things don't immediately work out for you. Just wait, if necessary. Don't get tossed to and fro, just stand on the Word.
- H. When the land has iniquity on it, it does not produce the way it should produce. (Leviticus 18:25)
1. Sometimes it works against the inhabitants instead of embracing them and their destiny.
 2. Sometimes the altars on the land are the hindrance.
 3. Sometimes the land itself is defiled so it's resisting you.
 4. Sometimes witches have spoken to the land, to the dirt, and told it to resist your destiny.
- I. The earth can swallow and vomit:
1. The earth can swallow what is coming against your destiny, and
 2. It can vomit what God has already done for us, a blessing of destiny.
 3. Moses knew how to speak to the earth because God spoke to the earth when Cain killed Abel, in Genesis.
 4. Example: When the sons of Korah rose up in mutiny, it caused confusion and sowed rebellion in the camp, so he spoke to the earth to swallow Korah, all who rebelled, and their property.
 5. **Example:** God spoke to Dr. Myles that the people were to speak to the earth for the Zimbabweans. Their elections had been rigged for years to

keep a dictator in power. Together as a church, they spoke to the dirt in front of the church what God told Dr. Myles. He was not to speak to the dirt as he was an American citizen, but they could. Within seven days the military in Zimbabwe had placed the dictator under house arrest. He resigned within 14 days, and everything shifted.
